

President's Message.

WOW, what can I say, Sandy Waldrup has done an outstanding job guiding us through the last year. I feel honored and humbled to step in the steps of your past presidents. I am very proud and excited to be MPWC's new President for the 2017-2018 year.

My goal for this year is to strongly contribute to the growth and development of what we stand for. The executive board will work hard to keep the same standards that you have experienced in the past years. I want to give an appreciated welcome to Chairpersons from last year who have volunteered again to stay on and to new Chairpersons on our committee teams. Each of our Chairs will welcome your participation.

Not only do we as members like the fun and camaraderie amongst our members but we also work hard to help the children in the Green Cove Springs Schools with many programs. I am so proud to see our members reach out and volunteer to help raise money to make a difference in the lives of these local youths. This money enables us to serve others through philanthropy and our community service projects.

As you know, our revenue comes from the holiday boutique, luminary sales, our CEB charity drive, the community theatre night, yard sales, etc. Each and every revenue generating committee is important to sustain our charities. But above all, you as a volunteer are the significant backbone of our charitable givings. So ladies, pat yourselves on the back for a great job you have done. Our organization is only as strong as each of you and your dedication to serving the community.

In order to make this an enjoyable and a great experience we need each of our members to reach out and attend our meetings and contribute to the yearly events. I also urge our members to reach out to friends, family and employers and explain to them the wonderful things we have accomplished and of course, we will gratefully accept donations. Remind them their donation is "tax deductible."

I am sincerely looking forward to working with all members and to help the community children who are less fortunate or temporarily having a hiccup in their daily struggles. Here's to an exciting new term and obviously a lot of fun.
