

## **Board Policy – Sending Communications Not Related to Women’s Club Activities**

Board Approved: July 5, 2023

**Background:** From time to time, members request that an email blast be sent to the membership that are not related to Women’s Club activities. These can be announcements such as a lost pet, a member having a friend in need, or a general announcement of a non-affiliated Club event.

**Policy:** The Board has determined that the use of MPWC’s eblast for non-MPWC functions is not appropriate and will not be done in the future. Such announcements, however, can be made at general meetings as a \$1.00 commercial.
